AVIATION

REACH THE UNREACHED IN PAPUA NEW GUINEA

Church partnership with Samaritan Aviation goes beyond support—it's shared mission. Together, we reach people cut off from care and connection, bringing both urgent help and lasting hope. In places where access is limited, your church helps make the gospel visible in a powerful, tangible way.

FREE FLIGHTS, FREE GRACE

Every emergency flight we provide is completely free. No cost. No catch. In a moment of crisis, that kind of mercy gets people's attention. It shows them the heart of the gospel: we cannot earn salvation, and we do not have to. Just as these patients receive a free flight they could never afford, they also hear about the free grace offered through Jesus Christ they could never earn. Your church can help deliver both.

MEETING PHYSICAL NEEDS

We do not just fly patients to medical care. We meet them in their greatest time of need with practical help that matters right now. We pick them up when they are sick, injured, in labor, or fighting for life. We also deliver critical medical supplies—malaria treatment, antibiotics, birthing kits—to remote clinics where these resources are often out of reach. Then we care for each patient with the basic items they need most: a blanket, shoes, food, and whatever else is needed along the way. Your partnership helps us bring real relief to real people when every minute matters.

MEETING SPIRITUAL NEEDS

Every patient we fly in is someone we care for spiritually, not just medically. We pray for them, visit them in the hospital, share the gospel, and teach the Bible story from Creation to Christ using the King of Glory curriculum in their own language. Before they return home, we give them an audio Bible loaded with the curriculum and Scripture in their language so they can keep hearing God's Word in their village. Your church is not just helping save lives. You are helping make disciples.

AVIATION AND THE CHURCH

We also serve the Church and strengthen its reach in some of the most remote places on earth. We fly missionaries, Bible translators, and church planters into isolated villages where the Gospel is still going out for the first time. We also deliver the supplies they need to stay—food, ministry resources, and equipment for long-term work. In moments of crisis, we provide emergency flights for both missionaries and villagers, caring for the body while pointing to Christ. Through ongoing relationships with local churches, pastor training, and tools like audio Bibles, we are helping build a strong, lasting Gospel presence. Your church becomes part of that mission—reaching places that would otherwise remain out of reach.

HOW YOUR CHURCH CAN GET INVOLVED

Join the Compassion Crew - Commit to monthly giving as a church. Consistent support allows us to plan and respond to emergencies without delay, ensuring that hope is always on the way.

Fuel a Lifesaving Flight - Our "Fuel for Life" program allows you to directly fund our flights. A single drum of fuel can be the difference between life and death for someone in a remote village.

Host a "Hope Takes Flight" Sunday - Dedicate a service to sharing the work of Samaritan Aviation. We can provide resources like guest speakers, our film "Saman Balus," and promotional materials to make your service impactful.

EXPERIENCE THE MISSION & GET STARTED

We want to make it easy for you to share the story of Samaritan Aviation. We can provide guest speakers, a screening kit for our film 'Saman Balus', and a wealth of stories and videos to show the real-world impact of your support.
